13 January 2010

Dear Mr Taylor

Land at Jubilee Road, Worth, Kent, CT14 0DW
Application Ref: DOV/09/00789

On behalf of our clients, Kent County Council, we write to request that the above application be held in abeyance for the moment.

Further to our recent discussions and the Parish Council meeting in December 2009, it would appear that there are several issues that need to be explored further before the application can proceed. We also await the outcome of the Inspector's Report on the Core Strategy which will impact on how these applications are taken forward.

We understand that the RSPB will be writing to ask for their application to also be held in abeyance so that these applications can still be considered together in the future.

Please do not hesitate to contact either Diane Rider or Katie Towner at the above office should you have any queries.

Yours sincerely

Cluttons LLP
